PROFESSIONAL EXPERIENCE

World Bank, Development Impact Group (DECDI) Remote
Short Term Consultant (STC) *July 2026 - Present*

- Verify the computational reproducibility of submissions to the Policy Research Working Paper Series (PRWPS), re-running reproducibility packages in R and Stata to confirm the stability of results and the reproducibility of exhibits of the working papers analyzed.
- Review reproducibility packages posted in the World Bank's Reproducible Research Repository, flagging incomplete packages and inconsistent metadata to improve the transparency and credibility of the Bank's analytical products.
- Conduct reproducibility verifications on GitHub and support outreach and trainings to promote reproducible research practices across DECDI research teams.

United Nations Population Fund (UNFPA) Sarajevo, BiH
UN Fellow – Demographic Resilience *June 2025 - June 2026*

- Led the design, implementation, and analysis of two national surveys on the drivers of women's economic inactivity and the barriers to achieving fertility goals, managing the full data cycle from questionnaire design to statistical analysis in Stata, and producing evidence to inform national policy on labor market participation and demographic resilience.
- Supported the translation of the Fourth Country Programme (2026–2030) targets into output indicators, baselines, and measurable annual results, drawing from the CPD and Results and Resources Framework. Contributed to the midterm review of the WPS joint programme with IOM, UN Women, and UNDP by providing monitoring and evaluation support.
- Acted as the main liaison for inter-agency coordination with UNICEF on demographic resilience initiatives, contributing to joint strategies on social protection, health system strengthening, and population dynamics.
- Represented the Bosnia and Herzegovina Country Office in the UNFPA Western Balkans Futures Trends Analysis Initiative – the first conducted at cluster level across five Country Offices – using foresight tools to map demographic scenarios and their policy implications.

Bruegel, European Economic Think Tank Brussels, BE
Research Assistant *Sept. 2024 - May 2025*

- Authored the chapter on gender mainstreaming in the European Parliament's BUDG Committee report Performance and Mainstreaming Framework for the EU Budget, evaluating the scope, functioning, and limitations of the EU gender budgeting framework.
- Led research on biodiversity finance and nature credit markets, co-authoring a Bruegel Policy Brief. Facilitated multi-stakeholder working groups with NGOs, policymakers, and academic researchers, synthesizing outcomes into actionable policy recommendations.

World Bank, Development Impact Group (DECDI) Remote
Short Term Consultant (STC) *July 2024 - June 2025*
RCT Project: "Work and Community-Based Childcare Services for Market Women in Uganda"

- Managed and analyzed project data, designing reproducible Stata workflows for regression analyses, descriptive statistics, and data visualization, all documented on GitHub in line with Impact Analytics standards.

- Prepared push-button replication files for academic outputs and participated in regular code review sessions with Impact Analytics, ensuring methodological rigor and transparency across impact evaluation outputs.
- Drafted sections of impact evaluation reports and policy briefs, conducted literature reviews and syntheses, and supported the preparation of grant applications.

World Bank, Development Impact Group (DECDI) Kampala, UG
Research Assistant and Field Coordinator *Jan. 2023 - June 2024*
RCT Project: "Work and Community-Based Childcare Services for Market Women in Uganda"

- Supervised three waves of field implementation and data collection across 972 participants in six markets in the Greater Kampala Metropolitan Area, ensuring adherence to research protocols, data security, and ethical standards.
- Designed and programmed electronic questionnaires in SurveyCTO, developed reproducible Stata workflows for high-frequency data quality checks, data cleaning, and preliminary analysis, and delivered training on impact evaluation methodology, data processing, and analysis for local field staff.
- Recruited, trained, and managed a team of approximately 15 enumerators, and served as primary liaison between research teams, local stakeholders, and government counterparts, contributing to impact evaluation reports, policy briefs, and grant applications.

European Institute for Gender Equality (EIGE) Vilnius, LT
Research and Statistics Trainee *Jan. 2022 - Nov. 2022*

- Led data analysis and presentation for the Gender Equality Index 2022, managing large multi-source datasets (EU-LFS, EU-SILC, EWCS, EQLS, EHIS) and computing the 31 indicators of the Index with intersectional analyses in Stata and SPSS.
- Authored the chapter on gender-based violence in the Gender Equality Index 2022, reviewed additional chapters, and produced dissemination materials and data visualizations for technical and policy audiences.
- Drafted a report for the Swedish Presidency of the Council of the European Union monitoring the second strategic objective of the Beijing Platform for Action in Area H, and produced statistical briefs on the socio-economic impacts of the COVID-19 pandemic, including analyses of gender disparities in informal long-term care and childcare.

University of Pavia Milan, IT
Research Assistant *Nov. 2021 - Dec. 2021*
RCT Project "Inclusive Teaching: Spotting Social Isolation in the Classroom"

- Supported the acquisition, cleaning, and processing of administrative and primary data, developing the indicators required for analysis and ensuring high-quality, reproducible data workflows.
- Contributed to background research, literature reviews, and project reports, providing evidence-based inputs to inform the design and implementation of the trial.
